CONFORMING AMENDMENTS ARISING FROM THE ISA FOR LCE

[Approved by IAASB – Marked from Extant]

PREFACE TO THE INTERNATIONAL QUALITY MANAGEMENT, AUDITING, REVIEW, OTHER ASSURANCE AND RELATED SERVICES PRONOUNCEMENTS

The Authority Attaching to International Standards Issued by the International Auditing and Assurance Standards Board

5. International standards to be applied in the audit of historical financial information are:
   (a) International Standards on Auditing (ISAs), or
   (b) The International Standard on Auditing for Audits of Financial Statements of Less Complex Entities (ISA for LCE), which may only be applied in accordance with the preface and the authority set out in the ISA for LCE.

9. ISAs, the ISA for LCE, ISREs, ISAEs, and ISRSs are collectively referred to as the IAASB’s Engagement Standards.

The International Standard on Auditing for Audits of Financial Statements of Less Complex Entities

11A. The ISA for LCE is written in the context of an audit of financial statements of a less complex entity by an independent auditor. The authority of the ISA for LCE is set out in the Preface and Part A of the standard.

Non-Authoritative Material

International Auditing Practice Notes

21. International Auditing Practice Notes (IAPNs) do not impose additional requirements on auditors beyond those included in the ISAs or the ISA for LCE, nor do they change the auditor’s responsibility to comply with all ISAs, or the ISA for LCE, relevant to the audit. IAPNs provide practical assistance to auditors. They are intended to be disseminated by those responsible for national standards, or used in developing corresponding national material. They also provide material that firms can use in developing their training programs and internal guidance.

1 International Standard on Auditing (ISA) for Audits of Financial Statements of Less Complex Entities (ISA for LCE)
... ISQM 1, QUALITY MANAGEMENT FOR FIRMS THAT PERFORM AUDITS OR REVIEWS OF FINANCIAL STATEMENTS, OR OTHER ASSURANCE OR RELATED SERVICES ENGAGEMENTS ...

Application and Other Explanatory Material

Scope of this ISQM (Ref: Para. 3-4)

A1. Other pronouncements of the IAASB, including the International Standard on Auditing for Audits of Financial Statements of Less Complex Entities (ISA for LCE), ISRE 2400 (Revised)\(^2\) and ISAE 3000 (Revised)\(^3\), also establish requirements for the engagement partner for the management of quality at the engagement level.

Authority of this ISQM (Ref: Para. 12)

A8. Where necessary, the application and other explanatory material provides further explanation of the requirements and guidance for carrying them out. In particular, it may:

- Explain more precisely what a requirement means or is intended to cover; and
- Include examples that illustrate how the requirements might be applied.

While such guidance does not in itself impose a requirement, it is relevant to the proper application of the requirements. The application and other explanatory material may also provide background information on matters addressed in this ISQM. In certain instances, references are included to individual ISAs. If the audit engagement is conducted in accordance with the ISA for LCE, the ISA for LCE may also address related matters in the context of an audit of the financial statements of a less complex entity but these are not referenced in this ISQM. Where appropriate, additional considerations specific to public sector audit organizations are included within the application and other explanatory material. These additional considerations assist in the application of the requirements in this ISQM. They do not, however, limit or reduce the responsibility of the firm to apply and comply with the requirements in this ISQM.

A83. Law, regulation or professional standards may prescribe the time limits by which the assembly of final engagement files for specific types of engagements are to be completed. Where no such time limits are prescribed in law or regulation, the time limit may be determined by the firm. In the case of engagements conducted under the ISAs, the ISA for LCE or ISAEs, an appropriate time limit within which to complete the assembly of the final engagement file is ordinarily not more than 60 days after the date of the engagement report.

...

A85. Law, regulation or professional standards may prescribe the retention periods for engagement documentation. If the retention periods are not prescribed, the firm may consider the nature of the engagements performed by the firm and the firm’s circumstances, including whether the engagement documentation is needed to provide a record of matters of continuing significance to future engagements. In the case of engagements conducted under the ISAs, the ISA for LCE or ISAEs, the retention period is ordinarily no shorter than five years from the date of the engagement report, or, if later, the date of the auditor’s report on the group financial statements, when applicable.
