4. Since the March 2016 Board meeting, in order to address the specific areas for consideration raised by the Board and the ISA 540 Task Force (ISA 540 TF), a subgroup of the PSWG was formed (PSWG-IAASB Subgroup or the Subgroup). The subgroup consists of the IAASB representatives of the PSWG. The PSWG-IAASB Subgroup held five teleconference meetings to develop the material included in Agenda Item 2–A and Agenda Item 2–B.
5. IESBA has expressed its commitment to consider whether there are areas within the IESBA Code where there would be benefit in elaborating on, emphasizing or clarifying ethical considerations relating to professional skepticism in ways that would support and complement the discussion of professional skepticism in the International Standards on Auditing (ISAs) and the International Education Standards (IESs). At its June 2016 meeting, the intention is obtain initial IESBA views on:
   - The approach to be taken to the meaning of professional skepticism and its application.
   - The areas within the IESBA Code where there would be benefit in elaborating on, emphasizing or clarifying the role of professional skepticism.
   - How the concept of professional skepticism should be addressed in the proposed restructured Code.

6. At its April 2016 meeting, the IAESB considered respondents' feedback on a question to stakeholders about what actions can be undertaken by the IAESB to improve engagement partners' and professional accountants' professional competencies related to the application of professional skepticism, as set out in its December 2015 Consultation Paper, *Consultation Paper, Meeting Future Expectations of Professional Competence: A Consultation on the IAESB's Future Strategy and Priorities*. The IAESB agreed to defer its detailed professional skepticism discussions, and agreed to consider them jointly with the responses from the IAASB's ITC. The IAESB also established a Task Force, to be chaired by PSWG member, David Simko to develop IAESB specific responses to the issues raised in the response to the IAESB's CP and the IAASB's ITC. Those recommendations will be considered by IAESB at its November meeting.

7. A forward-looking timetable of the IAASB, IESBA, and IAESB is included in the appendix of this cover note.
