

Due to the global COVID-19 pandemic, the IAASB moved their meeting from an “in-person” meeting to a series of virtual meeting sessions. These sessions took place during the week of March 16 – 20 and April 1, 8 and 14, 2020.

Agenda materials for April 14’s discussion on audits of Less Complex Entities (LCEs) can be found [HERE](#) under Agenda Item 9.

Because all these virtual sessions formed part of the IAASB March 2020 agenda, all sessions above have been captured in the minutes of the IAASB’s March meeting and can be accessed by clicking [HERE](#). The Meeting highlights for the April sessions can also be found by clicking [HERE](#).
