## Agenda Item

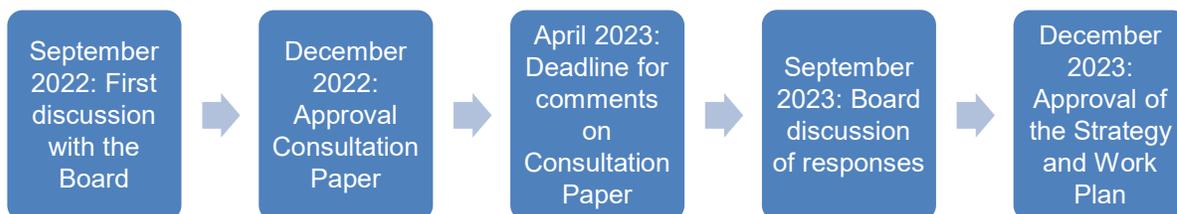

### Strategy and Work Plan for 2024–2027

#### Objective of Agenda Item

- The objectives of this Agenda Item are to:
  - Receive an overview of the significant issues from comments to the Consultation Paper on the IAASB Proposed Strategy and Work Plan 2024–2027 (the Consultation Paper).
  - Obtain Representatives' view on the updated draft Strategy and Work Plan 2024–2027. This includes Representatives' views on possible programming decisions for finalizing the Work Plan.

#### Project Status

- The IAASB's current Strategy runs from 2020–2023 and the current Work Plan runs from 2022–2023. Therefore, the IAASB will need to approve a new strategy and work plan<sup>1</sup> for the period 2024–2027 in accordance with due process<sup>2</sup> by the end of 2023.

- In its December 2022 meeting, the IAASB approved a complete draft of its proposed Strategy and Work Plan, which was issued as the Consultation Paper in January 2023 to obtain stakeholders' feedback on the proposals.
- The consultation period was 90 days and closed on April 11, 2023. The IAASB received sixty-one comment letters, including three from the following Monitoring Group members: International Forum of Independent Audit Regulators; International Association of Insurance Supervisors; International Organization of Securities Commission. Further information about respondents by stakeholder type

<sup>1</sup> Moving into the next strategy period it is intended that the work plan period will be changed to align with the strategy period (i.e., a four-year work plan).

<sup>2</sup> Due process requires that the IAASB consult on the development of its strategy and work plans. The [IAASB's Due Process and Working Procedures](#) outline the process to be followed to develop its Strategy and Work Programs.

### Way Forward

Based on the comments received from the IAASB, the IAASB CAG and the PIOB, the Planning Committee will update the Strategy and Work Plan and present it to the IAASB for approval in December 2023.
