## RESPONSE TEMPLATE FOR THE ED OF PROPOSED NARROW SCOPE AMENDMENTS TO ISQMs, ISAs AND ISRE 2400 (REVISED)

### Guide for Respondents

Comments are requested by **April 8, 2024**.

This template is for providing comments on the Exposure Draft (ED) of proposed Narrow Scope Amendments to the International Standards on Quality Management (ISQMs), the International Standards on Auditing (ISAs) and the International Standard on Review Engagement (ISRE) 2400 (Revised), *Engagements to Review Historical Financial Statements* as a Result of the Revisions to the Definitions of Listed Entity and Public Interest Entity (PIE) in the IESBA Code, in response to the questions set out in the Explanatory Memorandum (EM) to the ED. It also allows for respondent details, demographics and other comments to be provided. Use of the template will facilitate the IAASB's automated collation of the responses.

You may respond to all questions or only selected questions.

To assist our consideration of your comments, please:

- For each question, start by indicating your overall response using the drop-down menu under each question. Then below that include any detailed comments, as indicated.
- When providing comments:
  - Respond directly to the questions.
  - Provide the rationale for your answers. If you disagree with the proposals in the ED, please provide specific reasons for your disagreement and specific suggestions for changes that may be needed to the requirements, application material or appendices. If you agree with the proposals, it will be helpful for the IAASB to be made aware of this view.
  - Identify the specific aspects of the ED that your response relates to, for example, by reference to sections, headings or specific paragraphs in the ED.
  - Avoid inserting tables or text boxes in the template when providing your responses to the questions because this will complicate the automated collation of the responses.
- Submit your comments, using the response template only, without a covering letter or any summary of your key issues, instead identify any key issues, as far as possible, in your responses to the questions.

The response template provides the opportunity to provide details about your organization and, should you choose to do so, any other matters not raised in specific questions that you wish to place on the

public record. All responses will be considered a matter of public record and will ultimately be posted on the IAASB website.

Use the “**Submit Comment**” button on the ED [web page](#) to upload the completed template.

## Part C: Request for General Comments

The IAASB is also seeking comments on the matters set out below:

7. Translations—Recognizing that many respondents may intend to translate the final narrow scope amendments for adoption in their own environments, the IAASB welcomes comment on potential translation issues respondents note in reviewing the ED.

**Overall response:** [See comments on translation below](#)

**Detailed comments (if any):**

*Translation in different jurisdictions are welcome as long as the context and intended meaning of the ED is not lost when translating which might results in different application.*

8. Effective Date—Given it is preferred to coordinate effective dates with the fraud and going concern projects, the IAASB believes that an appropriate effective date for the narrow scope amendments would be for financial reporting periods beginning approximately 18-24 months after approval of the final narrow scope amendments for Track 2. The IAASB welcomes comments on whether this would provide a sufficient period to support effective implementation of the narrow scope amendments for Track 2 of the listed entity and PIE project.

**Overall response:** [See comments on effective date below](#)

**Detailed comments (if any):**

*The Period is sufficient.*
