# Post-Exposure Consultation: Response Template February 2025

# Response Template for the Invitation to Comment Before the IAASB Finalizes the Narrow Scope Amendments to the ISQMs and ISAs for the IAASB PIE Track 2 Project

## **Guide for Respondents**

Comments are requested by March 27, 2025.

This template is for providing comments on the matters set out in the Invitation to Comment (ITC) for the pre-final narrow scope amendments to the International Standards on Quality Management (ISQMs) and the International Standards on Auditing (ISAs) as a Result of the Revisions to the Definitions of Listed Entity and Public Interest Entity (PIE) in the IESBA Code. It also allows for respondent details, demographics and other comments to be provided. Use of the template will facilitate the IAASB's automated collation of the responses.

You may respond to all questions or only selected questions.

To assist our consideration of your comments, please:

- For each question, start by indicating your overall response using the drop-down menu under each question. Then below that include any detailed comments, as indicated.
- When providing comments:
  - Respond directly to the questions.
  - o Provide the rationale for your answers. If you disagree with the proposals as explained in the ITC, please provide specific reasons for your disagreement. If you agree with the proposals, it will be helpful for the IAASB to be made aware of this view.
  - O Avoid inserting tables or text boxes in the template when providing your responses to the questions because this will complicate the automated collation of the responses.
- Submit your comments, using the response template only, without a covering letter or any summary of your key issues, instead identify any key issues, as far as possible, in your responses to the questions.

The response template provides the opportunity to provide details about your organization and, should you choose to do so, any other matters not raised in specific questions that you wish to place on the public record. All responses will be considered a matter of public record and will ultimately be posted on the IAASB website.

Use the "Submit Comment" button on the IAASB web page to upload the completed template.

Responses to IAASB's ITC for the Pre-Final Narrow Scope Amendments to the ISQMs and ISAs as a Result of the Revisions to the Definitions of Listed Entity and PIE in the IESBA Code

# **PART A: Respondent Details and Demographic information**

Your organization's name (or your name if you are making a submission in your personal capacity)	INSTITUTE OF CHARTERED ACCOUNTANTS, GHANA.
Name(s) of person(s) responsible for this submission (or leave blank if the same as above)	
Name(s) of contact(s) for this submission (or leave blank if the same as above)	
E-mail address(es) of contact(s)	
Geographical profile that best represents your situation (i.e., from which geographical perspective are you providing feedback on the ITC). Select the most appropriate option.	Africa and Middle East
	If "Other", please clarify
The stakeholder group to which you belong (i.e., from which perspective are you providing feedback on the ITC). Select the most appropriate option.	Member body and other professional organization
	If "Other", please specify
Should you choose to do so, you may include information about your organization (or yourself, as applicable).	

Should you choose to do so, you may provide overall views or additional background to your submission. **Please note that this is optional**. The IAASB's preference is that you incorporate all your views in your comments to the questions.

Information, if any, not already included in responding to the questions in Part B:

## PART B: Responses to Specific Questions in the ITC

For each question, please start with your overall response by selecting one of the items in the drop-down list under the question. Provide your detailed comments, if any, below as indicated.

1. You are invited to share any observations that you believe might be relevant to the IAASB prior to finalizing the narrow scope amendments to the ISQMs and ISAs.

#### Please note:

- This ITC does <u>not</u> extend to and is <u>not</u> inviting comment on the IESBA PIE revisions read together with the IESBA clarification. IESBA's Listed Entity and PIE project is complete.
- If you submitted a comment letter to ED-PIE Track 2 in April 2024, the IAASB has fully considered those responses during its deliberations in September and December 2024; therefore, it is <u>not</u> necessary to repeat comments previously provided. You may believe that a specific matter remains relevant to share as an observation here, in which case the request is that you please clearly relate such matter to the IAASB's decisions and rationale in this Post-Exposure Consultation. (See **Section IV**, paragraphs 23-32.)

Overall response: Concur and wish to share the following observations

Detailed comments (if any): 1. For the benefit of global consistency in PIE definition, comparability of PIE financial statements globally, increased transparency and promoting public interest, The Board could consider;

- phased adoption
- Early adoption by more developed jurisdictions, and
- Detailed guidance in the interim, (before December, 2026), for a more coordinated global compliance. (for Firms operating globally where PIE definitions are not well spelt out).

In comparison with Other Regulatory Bodies, the European Union has already implemented PIE related audit requirements, which ensures;

- Strict auditor independence rules for PIES
- Mandatory firm rotation, and
- Audit reporting requirements (KAM etc.)

In conclusion, IAASB should consider aligning such standards with that of EU to ensure more global consistency.

Specific questions on forward-looking matters (See ITC Section V):

2(a). Do you agree with the proposed effective date of the narrow scope amendments, i.e., for audits of financial statements for periods beginning on or after December 15, 2026, to be aligned with the standards from the Going Concern and Fraud projects? (See **Section V**, paragraphs 35-37.)

Overall response: Agree, with comments below

**Detailed comments (if any):** 

- 1. Aligning the amendments with the two upcoming significant projects, that is ISA 570 and ISA 240, will make transitioning smooth, as this will avoid multiple changes to auditing standards which causes confusion, and increased implementation cost.
- 2. An average of 18 months window, is reasonable for preparation towards adoption.
  - However, phased implementation across jurisdictions could be considered.
  - Early adoption could also be permitted.
- 2(b). Do you agree with the IAASB's commitment to revisit the decision to adopt the definition of PIE in the IESBA Code (adapted as necessary for the ISQMs and ISAs) and extending differential requirements to apply to audits of PIEs? (See **Section IV**, paragraph 31 and **Section V**, paragraph 38.)

<u>Please note</u>: When the decision is revisited, the IAASB will develop an exposure draft for public consultation. Therefore, you do <u>not</u> now need to provide comments or to repeat comments previously provided regarding the extant differential requirements in the ISQMs and ISAs.

Overall response: Agree, with comments below

**Detailed comments (if any):** 

- 1. By IAASB revisiting the decision to adopt the definition of PIEs, the Board can observe the implementation gaps from different jurisdictions and make necessary corrections.
- 2. The risk of using a one size fits all standards approach, which may not align with all regulatory regimes will be reduced.
- 2(c). Do you agree with the proposed timing for revising the matters highlighted in 2(b) above? (See **Section V**, paragraphs 39-41.)

Overall response: Agree (with no further comments)

**Detailed comments (if any):**
