| (a) Enhanced exercise of professional skepticism when auditing accounting estimates.                                                                                                           | X                        |              |                 |                             |                    |
| (b) Greater consideration of the skills and competencies of the engagement team, including the need to involve specialists or experts.                                                         | X                        |              |                 |                             |                    |
| (c) Greater attention to understanding management's process for making estimates, including the selection of methods, assumptions and data (and the consistency of selection between periods). | X                        |              |                 |                             |                    |
| (d) Better or more focused assessments of the risks of material misstatements for accounting estimates.                                                                                        | X                        |              |                 |                             |                    |
| (e) More focus on understanding and testing controls related to accounting estimates.                                                                                                          | X                        |              |                 |                             |                    |
| (f) Increased auditor attention to disclosures related to accounting estimates, including disclosures about estimation uncertainty.                                                            | X                        |              |                 |                             |                    |
| (g) Enhanced interactions and communications between the auditor and management and those charged with governance related to the audit of accounting estimates.                                | X                        |              |                 |                             |                    |
| (h) Enhanced quality of financial reporting related to accounting estimates.                                                                                                                   | X                        |              |                 |                             |                    |

9. Are there any additional benefits or positive outcomes arising from the implementation of ISA 540 (Revised) that you would like to highlight?

No

## 6. Section V: Potential Issues or Challenges Relating to ISA 540 (Revised)

10. ISA 540 (Revised) was designed to be capable of being applied to all accounting estimates, and for the nature, timing and extent of the risk assessment and further audit procedures to be varied in relation to the estimation uncertainty and the assessment of the risks of material misstatement. Indicate the extent to which you have observed or are aware of any issues or challenges related to scalability and proportionality.

1 – No Issues or Challenges

11. Briefly describe these or any other issues or challenges you observed related to scalability and proportionality.

We have not encountered any problems during the implementation of the standard.

12. In your view, are the issues or challenges due to a lack of clarity or insufficiency of the requirements or application material in the standard?

No

13. What specific suggestions do you have for how the IAASB can best address the issues or challenges you have identified (e.g., standard-setting, non-authoritative guidance, or other actions)?

There have been no difficulties.

## 7. Section V: Potential Issues or Challenges Relating to ISA 540 (Revised) (continued)

14. Indicate the extent to which you have observed or are aware of the following issues or challenges relating to ISA 540 (Revised) with respect the auditor exercising professional skepticism when auditing accounting estimates and related disclosures.

15. Briefly describe these or any other issues or challenges you observed related to exercising professional skepticism.

Relevant work is being carried out on the issue mentioned in the formation of the opinion during the audit.

16. In your view, are the observed issues or challenges due to a lack of clarity or insufficiency of the requirements or application material in the standard?

No

17. What specific suggestions do you have for how the IAASB can best address the issues or challenges you have identified (e.g., standard-setting, non-authoritative guidance, or other actions)?

We propose holding webinars in this direction.

## 8. Section V: Potential Issues or Challenges Relating to ISA 540 (Revised) (continued)

18. Indicate the extent to which you have observed the following issues or challenges in applying ISA 540 (Revised) with respect to *risk assessment procedures and identifying and assessing the risks of material misstatement related to accounting estimates*.

**19. Briefly describe these or any other issues or challenges you observed related to risk assessment procedures and whether such issues or challenges relate primarily to estimates that have a high degree of estimation uncertainty or complexity.**

The information used by management is sometimes: incomplete, outdated or subjective.  
Control of the evaluation process: formal in nature and insufficient documentation.

**20. In your view, are the observed issues or challenges due to a lack of clarity or insufficiency of the requirements or application material in the standard?**

No

**21. What specific suggestions do you have for how the IAASB can best address the issues or challenges you have identified (e.g., standard-setting, non-authoritative guidance, or other actions)?**

We have no proposal.

## 9. Section V: Potential Issues or Challenges Relating to ISA 540 (Revised) (continued)

**22. Indicate the extent to which you have observed the following issues or challenges in applying ISA 540 (Revised) with respect to *responding to the assessed risks of material misstatement***

**23. Briefly describe these or any other issues or challenges you observed related to responding to risks of material misstatement and whether such issues or challenges relate primarily to estimates that have a high degree of estimation uncertainty or complexity.**

We dont have any problems with this standard.

**24. In your view, are the observed issues or challenges due to a lack of clarity or insufficiency of the requirements or application material in the standard?**

No

**25. What specific suggestions do you have for how the IAASB can best address the issues or challenges you have identified (e.g., standard-setting, non-authoritative guidance, or other actions)?**

We have no proposal.
